Excerpt from Benevity Terms & Conditions

"While the Foundations (Calgary Rangers) endeavour to follow Donor Recommendations, they are not obligated to do so as, due to applicable laws and regulations, the Foundations maintain exclusive legal control and discretion over donated & granted funds and operate similar to a 'donor advised fund' model (except in very limited circumstances where required by law). As such, it is the Foundations that issue documentation evidencing a Donor's donation or grant (e.g., donation receipt, acknowledgement, certificate), where applicable. Donations & grants are not refundable to the Donor. Any interest earned by a Foundation on donations and grants belongs to the Foundation."
